• Competitive Programming, Problem Solving

Build Tools and Utilities:

Proficient with:

• Webpack, npm & Yarn, Linux CLI, Chrome DevTools, Git & GitHub
• Postman, Figma, Sketch, Adobe XD, Markdown
• Jira, Trello

CERTIFICATIONS

You can find all of my certifications *here*.

EXPERIENCE

HACKVEDA | Full-Stack Web Developer Intern

Jan 2023 – June 2023 | Remote

• I have designed and maintained a professional-grade web-based application for booking appointments with doctors. To ensure an optimal viewing experience across various devices, I implemented a responsive design.
• In developing this application, I utilized cutting-edge technologies such as HTML5, CSS3, and ES6+ JavaScript and incorporated robust features using PHP, jQuery, and MySQL.
• To ensure efficient deployment, I utilized platforms such as 000webhost.app and Locofy.ai. Additionally, I utilized Figma to create high-fidelity prototypes, wireframes, and designs for the application's user interface.

Tech Stack - HTML5, CSS3, and ES6+ JavaScript, PHP, jQuery, and MySQL, phpMyAdmin, etc.

Tools - Figma, Locofy.ai, 000WebHost, etc.

OPEN SOURCE PROJECTS

PORTFOLIO | Web App

Technologies: HTML5; CSS3; Responsive Web Design; ES6+ JavaScript; ReactJS; React Icons; EmailJS

• Immersive Design, Seamless Navigation, Compelling Visuals and User-Centric Experience.
• Responsive Design and Effective Communication with EmailJS.
